10/2021 – present  
Cluj-Napoca

**Senior Software Engineer, Garmin**

As a Senior Software Engineer at Garmin, I specialize in developing Vue.js Single Page Applications (SPAs) supported by Node.js middle layers, orchestrating seamless data aggregation, and ensuring secure access to JSON APIs and CMS content facilitated by Elasticsearch. In addition to my technical expertise, I play a pivotal role in mentoring and guiding software engineers and interns, fostering their growth and enhancing the team's capabilities.

10/2022 – 06/2023  
Remote

**Lead Tutor, Develhope**

As a Lead Tutor at Develhope, I guide students in mastering both backend (Node.js) and frontend (React.js with TypeScript) development. Through personalized 1:1 sessions and group meetings held weekly, I mentor students, aiding in project preparation and providing comprehensive feedback, ensuring their growth and success by assessing and grading their work.

05/2019 – 10/2021  
Cluj-Napoca

**Web Developer, Lola Tech**

At Lola Tech, I lead PHP development, specializing in GraphQL for Allegiant travel, using Symfony and ensuring full code coverage. I manage deployments with Jenkins, resolve issues via Fortify/Sonarqube, and excel in JavaScript, crafting Next.js projects with GraphQL resolvers and Google Firebase integration. Whether in Angular 7, mentoring, or orchestrating CI/CD in Node.js, I ensure seamless communication with clients and tailored solutions.

05/2018 – 05/2019  
Cluj-Napoca

**Web Developer, Simbound**

As a Web Developer at Simbound, I drive the evolution of Simbound Simulation by seamlessly integrating new features. Proficient in HTML, CSS, PHP, MySQL, JavaScript, jQuery, and React, I collaborate within a team, utilizing Git for version control. I innovate by proposing user-centric enhancements and adeptly configure servers for optimal performance, including Git deployment.

2017 – 2018  
Remote

**Web Developer Freelancer, Upwork**

As a freelance web developer on Upwork, I deliver tailored solutions, adeptly handling both frontend and backend projects to meet client specifications. Proficient in crafting customized web solutions that align with diverse client needs.
